

# Blessing for New Beginnings

We gather on the edge of a new year with part of us looking backward and part of us looking forward. We are saddened by our losses, (speak aloud someone/something you would like to remember from this year) cherishing our joys, aware of where we have fallen short, & mindful of days gone by.

We gather on the cusp of this new year; eager to begin anew, hopeful for what lies ahead, holding the exhaustion and grief we have experienced, & committing to make changes, (speak aloud your intention/hope/resolution for your group/yourself this year) anticipating endless tomorrows full of hope & new beginnings.  
May it be so!
